About This Book

<< Previous | Next >>

"An exemplary textbook that can serve all professionals caring for cardiac patients." -- JAMA

With 35 new chapters as well as comprehensive updates throughout, the new edition of the cardiology masterwork represents the most complete revision to date. Hundreds of world authorities synthesize all of the developments that are revolutionizing practice--from the newest findings in molecular biology and genetics to the latest imaging modalities, interventional procedures, and medications. Plus, it now features a brand-new section on preventive cardiology, and a wealth of new contributors.

- Fácil de personalizar con los datos del paciente, además de entregar información adicional

The screenshot displays the MD CONSULT website interface. At the top, there are navigation tabs for 'Personal Information', 'Preferences', 'Reports', and 'Subscription'. The MD CONSULT logo is prominently displayed. Below the logo, there are additional navigation tabs: 'Home', 'Books', 'Journals', 'The Clinics', 'Patient Education' (highlighted), 'Drugs', 'Guidelines', 'Images', 'News', and 'CME'. A search bar is present with a dropdown menu set to 'Patient Education' and a search box containing the text 'fibromyalgia'. Below the search bar, a breadcrumb trail reads 'You are here: Home > Patient Education > Fibromyalgia'. On the right side of the page, there are utility links: 'Email to Colleague', 'Add to My Folder', and 'Print View'. The main content area is titled 'Fibromyalgia' and has two tabs: 'English Version' (selected) and 'Spanish Version'. The content is organized into sections: 'What is fibromyalgia?' and 'How does it occur?'. The 'What is fibromyalgia?' section contains two paragraphs of text. The 'How does it occur?' section contains one paragraph of text. On the right side of the page, there is a 'Custom Header' section with the following information: 'MD Consult', 'Dr. L. Barnes', '2162 Main Street', 'St. Louis, Missouri 63017', and '314-990-0011'. Below this information is a 'Customize Information*' button. A note below the button states: '* Note: This customized heading will appear on all handouts.' At the bottom of the page, there is a 'Special Instructions:' section with a text input field for entering special instructions to display on the bottom of the handout.

Azithromycin

Zithromax® | Zmax™

Azithromycin Tablet (Tablet 600 mg)
[1 of 22 - [Click here to see more photos](#)]

[\[Patient Education \]](#) [\[Indications/Dosage \]](#) [\[Administration \]](#) [\[Contraindications/Precautions \]](#) [\[Interactions \]](#) [\[Adverse Reactions \]](#) [\[Monitoring Parameters \]](#) [\[Chemical Structures \]](#)

Classification:

- ▶ **Antiinfective Agents**
- ▶ Macrolides

Description: Azithromycin is a semisynthetic antibiotic belonging to the macrolide subgroup of azalides and is similar in structure to erythromycin. Although azithromycin is significantly more expensive, it can be dosed once daily and produces less GI intolerance than does erythromycin. An apparent advantage over erythromycin is that azithromycin reaches higher intracellular concentrations, thus increasing its efficacy and duration of action. These advantages are demonstrated in studies for treatment of pneumonia and some studies show efficacy of azithromycin compared to other antibiotics for treatment of pneumonia.

Searching Journals/MEDLINE

- Escriba el término en cuadro de búsqueda
- Fecha de al menos 3 años
- Para especificar la búsqueda es posible indicar:
 - Nombre Autor
 - Nombre de la Revista
 - Fecha
 - Tipo de Artículo
 - Edad

The screenshot shows the MD CONSULT search interface. At the top, the MD CONSULT logo is displayed. Below it, a navigation menu includes Home, Books, Journals, The Clinics, Patient Education, Drugs, Guidelines, Images, News, and CME. The search bar is set to 'Journals / MEDLINE' and contains the text 'fibromyalgia'. A 'Search' button is located to the right of the search bar. Below the search bar, there are several input fields and dropdown menus for refining the search. The 'Author' field is divided into 'Last Name', 'First Initial', and 'MI'. The 'Date Range' is set to '2004 to Current'. The 'Article Type' is set to 'All'. The 'Journal Name' field is empty. The 'OR Date' field is empty, with an example 'Ex. Mar 2002'. The 'Subject Age' is set to 'All'.
